Product description

Brehat Probably one of the most beautiful islands in France, the island of Brehat is famous for its charm and uniqueness. After a short crossing from Paimpol, spend an unforgettable day exploring the island partially occupied by a typical village with steep streets, the other by unspoiled and diverse, enjoying the mild climate in the quasi Mediterranean ...

I visit this island several times a year...a magical place...for everyone...especially for painters. In every part of this island you can enjoy the beauty of nature. And ... show this beauty in paintings. In my painting you can see a small, wild beach. It is located behind the church in Bourg. Usually there are no tourists there ... just a few boats ... Sea, rocks and vegetation ... where sometimes a Breton house shines ...
