Product description

Acrylic on canvas. A field of dandelions. I painted this picture in very sad circumstances... As a child, I was very fond of meadows with wild flowers... in the spring with dandelions. It was a place where you could sit, gaze at the blue sky with small clouds...and dream...enjoy the beauty of nature. Now, when I remember those moments, those places... I associate them with freedom... with joy, with carelessness. It's been a long time, I wanted to paint it. This painting was made a few days after the outbreak of the war in Ukraine... Landscape in the colors of Ukraine... Freedom... in the colors of Ukraine... Painting it gave me great relief ... inner peace . My memory of freedom... that I would like to share with people... who have lost it... temporarily...
