Product description

Harbor Island...I see this place every day...it's right in front of my house...I can see Harbor Island from my balcony. And I'm very happy about it. This view is practically ready-made paintings... just paint them. The colors, the light... change from minute to minute... and it's beautiful. This small rocky islet is located 1.8 km from the shore of Saint-Quay-Portrieux, opposite the tip of the semaphore. There is a small white and red house, which is actually a lighthouse. The lighthouse was guarded until 1891, it is now automated.
